BRAND GUIDELINES.

Version 1
March 2023

OUR LOGO.

**PROTECT
EUROPE.**

**Notes on the
logo design:**

The shield forms the central part of the iconography to clearly represent protection. The layers of protection afforded by vaccination are represented by the concentric circles. The coloured dots represent cancer and HPV respectively. There is also a dot at the end of the text to tie it back to the iconography of the graphical element.

The font used is Poppins.

OUR LOGO VARIATIONS.

Full colour logo

Fully reversed logo

INCORRECT LOGO USE.

DO NOT expand the logo

DO NOT constrict the logo

DO NOT change the logo colours

DO NOT move logo elements

DO NOT place the logo on a background which could affect legibility

LOGO SAFE AREA.

The logo should never appear smaller than 25mm wide.

To maximise the impact of the identity, a generous amount of clear space between the logo and other text or graphic elements and borders must be established.

Clear space should be at least $\frac{1}{2}$ (x), where (x) is equal to the height indicated.

THE CIRCLES.

The concentric circles motif can be used as a design element to enliven a page.

They are best used by having some or most of the circles bleed off of the pages.
